To Whom It May Concern:

I support HB 5416 (Section 2) which would ban extremely cruel and inhumane gestation crates.

Let's make Connecticut a leader in caring for its people and its animals. I would hope that Connecticut could set the standard by which others might follow. I want to be proud to be a citizen of a state that cares for humane treatment of all creatures... "great and small".

Honor the Connecticut small farmer who would never consider such a cruel life for his animal.

A recent article in the business section of the New York Times reports an overwhelming majority of people support more humane treatment of the animals they eat.

**Please no gestation crates in Connecticut.**

Thank you for your consideration in this matter.

To Whom It May Concern:

I oppose HB 5080, which would allow Sunday hunting. God gave us a day of peace so please do not take it away. Let us please have at least one sacred day of peace. Please.

I like walking my dog on the weekend and I do not want to be in fear of a stray arrow hurting or killing my dog or myself. I work hard all week long and want to relax in nature without fearing for my safety.

If allowing hunting on Sunday main concern is the deer population “problem” then consider a management program like PZP immunocontraception programs.<sup>A</sup>

**Please do not allow Sunday hunting.**

Thank you for your consideration in this matter.

To Whom It May Concern:

I support S.B. 445, the “puppy mill bill”: but I have “an additional request to include requirements that 1) all new pet shops shall not sell commercially-bred dogs AND 2) for current pet shops, a phase-out of the sale of commercially-bred dogs.

Thank you for your consideration in this matter.
